Luscious Lamb

Grant: £6,151 (40%)

Sheep farmers Clare and Rupert decided they needed to look at ways to make their business more profitable. Between them they had experience in the catering and the meat industry and decided they could add value to their meat by selling it directly to customers. They received a LEADER grant to buy a bespoke catering trailer from which they will sell their lamb in delicious dishes at events and festival, offering a truly farm to folk experience. This will help their small sheep business to become more sustainable, shorten the food chain and create jobs.

The trailer is now finished so watch out for it at festivals and events!

Priority: (2) Support micro and small businesses and farm diversification

Outputs over 3 years: 5 full-time jobs, increase in wage bill of £143,936
