

Electric Lighting Hoists Corn Exchange Wallingford

Grant: £24,983 (80%)

The Corn Exchange Wallingford provides entertainment for locals in the form of theatre, cinema and music. It is entirely run by volunteers and is a valuable resource to the community.

The organisation was awarded a grant towards new electric lighting hoists. This has enabled operations to become more efficient and safe which means more shows can be put on during the week. This will create more revenue for this community organisation, making it more sustainable.

Priority: (4) Provide rural services

Outputs over 3 years: Increase in seats of 3,061
