

Community Room

Thame Town Cricket Club

Grant: £40,171 (36%)

Thame Town Cricket Club were awarded a LEADER grant in 2017 towards the cost of a new 100m sq first floor function room.

In redeveloping their club house they saw an opportunity to create an extra space, separate from the club facilities, for use by all the community. It will raise a new income stream which will sustain its function as well as bring in a small surplus to help the club activities. It will provide a much needed space for community groups such as a local Day Centre and create a number of part-time roles to run the facility.

The club house and community room opened in October 2018.

Priority: (4) *Provide rural services*

Outputs over 3 years: *1 full-time job, increase in wage bill of £25,000, local population benefitting*
